

A WARM WELCOME

A candle glows in the window offering a warm welcome during the cold holiday season to all who come to call. We wish everyone "warm wishes for the holiday season".

SUPPLIES INCLUDED:

- #18 Mono Canvas - Iridescent 5" by 6"
- 4 yards of Petite Very Velvet V619
- 3 yards of #4 Braid 032 for frost on the windowpanes
- 1 yard of #4 Braid #3270 for the warm glow on the centre pane.
- Tapestry needle #22
- Candle Button
- 1Oval Navy card and Envelope with white insert

Step 1: Find the centre of the canvas as shown with the blue dot. Use **Petite Very Velvet V619** and stitch the entire windowpane. Follow the chart using **Gobelin Stitch** around the three sides over two mesh and note the two top corners have five stitches in total. The inside muntin bars (cross bars) are worked in one row of **Continental Stitch**. The windowsill is worked in **Diagonal Stitch** over three mesh. Place the heart above the window sash.

Step 2: Using **#4 Braid #032** stitch the frost in the **String Art**.

Step 3: Using **#4 Braid 3270** stitch the single **Fly Stitches** randomly under the muntin bar of the centre windowpane. The Fly Stitches are to go every which way to look like cracked frost. Have Fun!

Step 4: Attach the **Candle Button** centred on the window ledge.

Step 5: Place white paper with canvas design on top and centre inside opening of card and attach with two-sided tape. Sign and send to a friend!
