

# ÉTOILE DE NOËL

Star light, Star bright, Wishing  
Peace and Love, Every Night

## SUPPLY LIST:

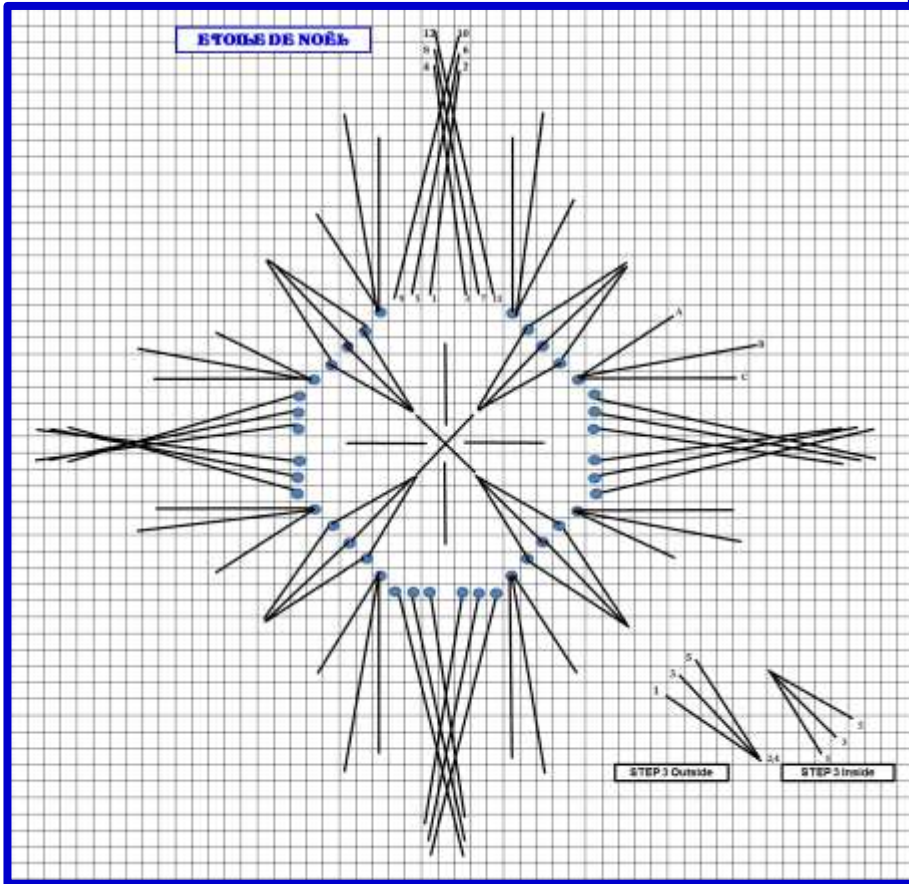

#18 Mono Canvas 5" by 5"

#12 Braid by ThreadworX, 4 strands

OR #12 Braid by Kreinik

#22 Tapestry needle

Round Card with 3" opening

## INSTRUCTIONS:

**STEP 1:** Place masking tape around the edges of the canvas to prevent the thread from being caught on the edges of the canvas. All stitching for this design is worked using #12 Braid. Using the Master chart above, find the centre of the canvas and count up nine mesh; move one mesh to the left and place stitch #1/2. Continue stitching all six stitches. Place the other three groups of six stitches. Use the blue dots for counting. Note that you are travelling from a used hole to a clean hole so that the stitches lay properly.

**STEP 2:** Follow Figure 1 and place the next group of three stitches on each side of the groups of six.

**STEP 3:** Follow Figure 2 and place the next group of three stitches between the groups of three. Stitch the inside group of three at the same time. Note: this group is one mesh shorter than the outside group.

**STEP 4:** Follow Figure 3 and place the inside stitches.
